

The Apartment Angel Tree

The Apartment Angel tree was developed by GNAA along with national speaker, Toni Blake to help our Apartment Residents in Nashville who were affected by the flood. See the instructions below to be a part of the Angel Tree.

- > Return this form with your list of needs to the GNAA office. (You may fax, e-mail or call us.) If you have the ability to take a photo of you, your residents, etc., with your list, please do so and e-mail it to rachelallen@nashvilleaptasn.org and Rachel will post the picture, along with your needs on the Facebook page. If you do not have that ability, someone will take a photo for you.
- > After your list has been posted, someone from the community page will “adopt” you and contact you directly about getting specific items to you.
- > If you are an apartment community who has not been affected, feel free to “adopt” other communities on the Facebook page.
- > You can become a part of The Angel Tree by going to www.facebook.com/apartmentangeltree. Then click “Like” beside the title. From there you can adopt members, or keep up with who’s adopted you!

Community Name: _____ # of Residents displaced: _____

List of needs (Food, Furniture, office Supplies, etc.)

Name of Resident and Unit # _____

List of Needs: _____
